Exciting Oral Orgasms

Fun Role Playing Games With Pleasurable Endings

Thoughts of “role playing” often bring on images of silly (or sexy) costumes, phony accents, bad acting, nervous giggles and an overall unease... but it doesn't have to be so. Role play need not be so overtly dramatic or necessarily contrived. Sure, there are some skills that high school drama class can impart on the situation, but there is no reason to bring that shy, awkward stumble to the scene, unless that's what someone really wants. Each “archetype” or “role” below can be played out individually, or they can be combined to create new scenes and scenarios for you to toy with and enjoy. There is no reason for sex to get boring when we all have a brain between our ears and blood flow between our thighs.

FANTASY

Go as far with these as you and your lover want, but don't get carried away in the moment without her. The two of you are in this

THERE IS NO REASON FOR SEX TO GET BORING WHEN WE ALL HAVE A BRAIN BETWEEN OUR EARS AND BLOOD FLOW BETWEEN OUR THIGHS.

process together and she won't appreciate you going off on some sexy ride and leaving her out of the loop.

POUTY PRINCESS

She's got some sexy lower lip(s)! How can you say no to that face?

WHEN SHE'S FEELING IT...

She gets playful and teases you, provoking you and prodding you. How much can you take? You know she doesn't take no for an answer. She might be more inclined to initiate sex when she's got this itch, but more than anything else you will notice she becomes the agent provocateur.

SHE MIGHT BE MORE INCLINED TO INITIATE SEX WHEN SHE'S GOT THIS ITCH, BUT MORE THAN ANYTHING ELSE YOU WILL NOTICE SHE BECOMES THE AGENT PROVOCATEUR.

WHY IT'S SEXY

Look into those gorgeous eyes and think anything different. The Pouty Princess loves it when you go down, and she wants you to know it, but if you ignore her... watch out! If you want a woman to remind you how important it is to please her with playful pokes, the Pouty Princess is the girl for you.

WHERE TO GO

It depends on how long it takes you to see the signs! She might not come right out and tell you what she wants, though even this lovely lady is capable of direct communication, but if you go too long without expressing an interest in taking a turn on the tongue twister, you might have to wine and dine a bit to get back into her good graces. Don't be surprised if she cuts you off from your main supply until you make it up to her. If you need to take her somewhere extra nice, do it and don't be shy about it. Really go all out if you can.

If you can get away with staying home, make an effort to do *something* special. Redecorate with rose petals, cook her dinner, light some candles, do something to show an effort. You know what she likes, and if you don't, it's about time you asked her, don't you think?

WHAT TO PACK

Pack a gift, preferably something sexy – new, edible lube; crotchless panties; tingling gel – and a list. If you really need to make something perfect, you don't want to forget a thing.

WHO TO BE

Be the smooth operator, the humble and adoring gentleman, and the love of her life. She deserves every second of your love and admiring tongue action, and don't you forget it.

CONQUERING QUEEN

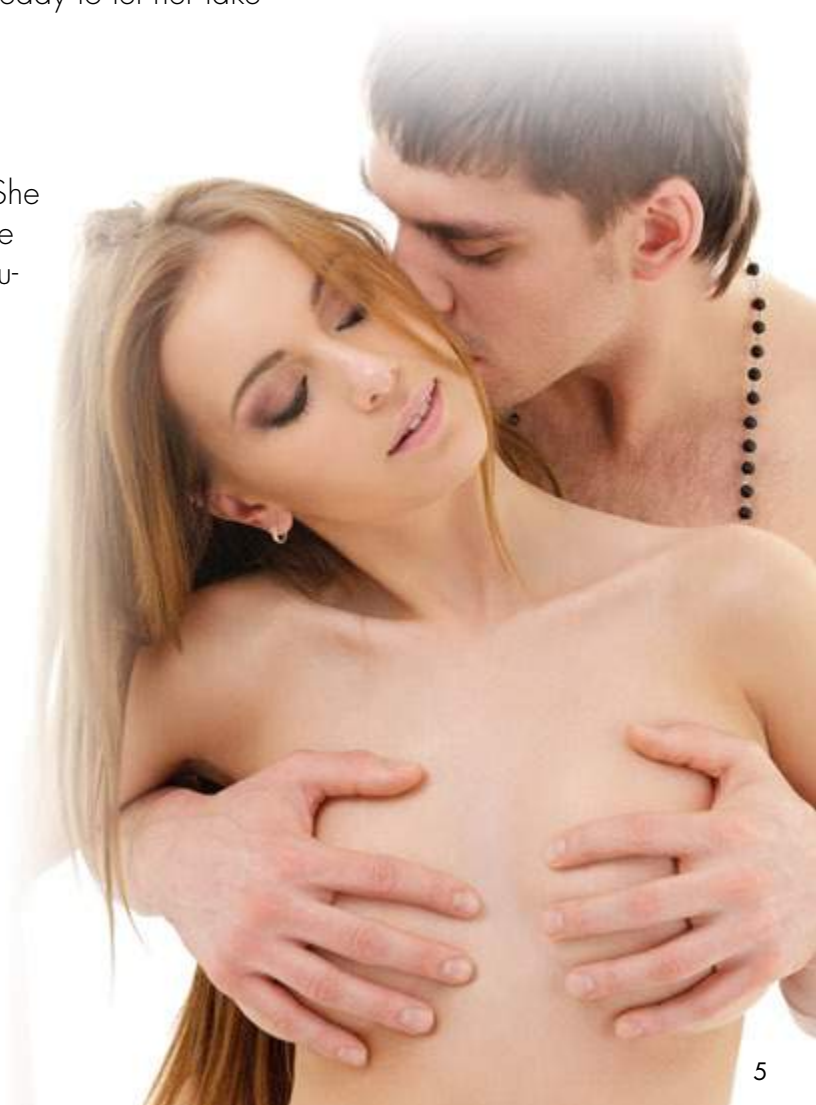

She reigns with one tight grip! Are you ready to let her take control?

WHEN SHE'S FEELING IT...

She's not pouty, she's downright pushy. She loves oral just as much as she loves to be in control of it, so there's no point in arguing. Just lay back and let her take the reins. There are lots of oral sex positions you could take, but she probably wants to be on top, straddling your face.

WHY IT'S SEXY

What isn't sexy about a woman who wants to be in charge of her own pleasure? If you get a kick out of having her on top, this is the fantasy for you. In this position of power, she not only has control of position and your access (she might even want to hear you beg to taste her) but can control your breath if you feel safe.

Exciting Oral Orgasms

WHERE TO GO

The bed is not the ideal location for some sexy face-sitting action, because of the tendency to sink into the mattress. You want to be somewhere safe and sturdy without a lot of give, so a cushioned floor is usually your best bet. Yoga mats help to make things a bit more comfy, soften hard surfaces and prevent carpet burn. You can always use a towel or a small pillow under your neck to support your head.

WHAT TO PACK

Thigh high stockings and a garter belt look great on the woman-on-top, but mostly all you need to bring is her! Give her all the confidence she needs to climb on top and go to town. How much control does she want? Let her make the packing list and she what she devises.

GIVE HER ALL THE CONFIDENCE
SHE NEEDS TO CLIMB ON TOP
AND GO TO TOWN.

WHO TO BE

No need to be shy or demure, because she loves that you love to have her on top, but be graceful and grateful for her amazing sexual prowess. Treat her like the incredible Queen she truly is and you won't be disappointed.

BARE BOTTOM

A little bit submissive but a whole lot sexy.

WHEN SHE'S FEELING IT...

Does she avert her eyes, smile or giggle and blush when you bring up oral sex (you do bring up oral sex, don't you)? Does she love it when you pin her legs down and apart and

Exciting Oral Orgasms

Fun Role Playing Games With Pleasurable Endings

ravage her, or hold her wrists at her side, put a blindfold on her and surprise her with your mouth or a piece of ice?

The suggestively submissive woman may not be into whips and chains or any of the other cliché images of BDSM and kink, but she may love the feeling of being helpless or simply revel in being seduced and letting you be in control of her pleasure.

Do you like to be in control? If giving her pleasure also pleases you, then you will find that taking a little bit of control is as easy as telling her to express how much she is enjoying herself. Give it a try!

WHY IT'S SEXY

We live in a world where sexuality is often universally shamed, in particular for women who enjoy orgasms and sex, labeled as dirty and called words that humiliate and degrade. In order to work through and release this guilt, some women find that consenting power play allows them the freedom to be the person that society tells them they shouldn't be. This can be both frightening and exhilarating for both of you, and so long as you play safe can give you an incredible container in which to explore some of your innermost needs and desires.

DOES SHE LIKE BONDAGE, EXHIBITIONISM, A LITTLE BIT OF PAIN, FORCE OR DOES SHE JUST LIKE TO PLAY A LITTLE HARD TO GET? IF SHE LIKES TO BE CONVINCED, DON'T EXPECT HER TO ASK YOU. TAKE AN INTEREST!

WHERE TO GO

Her "inner sexpot" can have many outlets. What is her submissive kink? Does she like bondage, exhibitionism, a little bit of pain, force or does she just like to play a little hard to get? If she likes to be convinced, don't expect her to ask you. Take an interest!

WHAT TO PACK

Rope, silk scarves, your deepest voice, strong hands and lots of confidence are what you need to bring along for even the most slightly submissive lover. You don't need any kinky accessories if you know how to control a room.

WHO TO BE

That guy you know – tall, dark, handsome, well-spoken, intelligent, cunning and maybe even conniving. Be someone who she can trust taking control of the situation.

FEMME FATALE

She's an enigma wrapped in a mystery cloaked in a riddle. Her eyes say she knows exactly what she's doing, but that doesn't mean she's not up for the chase.

WHEN SHE'S FEELING IT...

She likes to get dressed up and go out on the town, schmooze or hit up a fancy restaurant. She has sexy spy moves and a wardrobe to match, she drops hints with mad skill, and she knows exactly how to push your buttons. She probably likes to do it in public.

WHY IT'S SEXY

She's red hot and she knows it. She wants you and she's not afraid to be obvious about it. She may be a bit of an exhibitionist and enjoy getting you all hot and bothered in public. She makes the most incredible arm candy, so there is no reason to mind going out to show her off.

Does she make you proud? Does she make you hot?

WHERE TO GO

Her favorite restaurant, a hot club, a sexy party, a bar where you can pretend that you're meeting for the first time, or just stay home and play dress up with a few martinis.

WHAT TO PACK

Bring your fanciest threads, cologne and breath mints, your confidence and your charm. Don't skimp. Buy her a striking new piece of lingerie, flowers (better make them roses) and your credit card.

SHE MAY BE A BIT OF AN
EXHIBITIONIST AND ENJOY
GETTING YOU ALL HOT AND
BOTHERED IN PUBLIC.

WHO TO BE

You need to match her grace, charm and confidence. Be James Bond, be a super sleuth, be a catch, be an intriguing man she's never met with a strange and foreign accent. Be whatever her fantasy femme fatale desires, because who would dare defy that fierce face?

PLAIN JANE

Sometimes "the girl next door" is exactly what you want.

WHEN SHE'S FEELING IT...

You don't have to make a big to-do out of oral sex every time. In fact, sometimes it's perfect if it is treated as just part of your every day experience. She wants to know that you enjoy giving her pleasure and want to make her feel good. It doesn't take much!

WHY IT'S SEXY

Because no one is making a big deal out of it, oral sex as a regular aspect of your intimate relationship is something that communicates love, acceptance, desire, arousal and connection. It is a way that shows your deep devotion to her, your wish to please her, and your attraction to her physical body.

SHE WANTS TO KNOW
THAT YOU ENJOY GIVING
HER PLEASURE AND WANT
TO MAKE HER FEEL GOOD. IT
DOESN'T TAKE MUCH!

WHERE TO GO

You don't have to go anywhere special, but if she has exhibitionist tendencies, she may get off on having you suggest it somewhere public... quietly, of course. Tell her how beautiful she looks, that you can't wait to get her home and part her creamy thighs. She'll be wet and wild before you even get close!

WHAT TO PACK

You don't need any props to be your interested self. Just bring your enthusiasm and a big smile.

WHO TO BE

Just be you and let her be her! When you are lying in bed before sleep at night, simply say, "I'd really like to taste you before we turn out the lights" and see what she says!

YOU DON'T HAVE TO GO ANYWHERE SPECIAL, BUT IF SHE HAS EXHIBITIONIST TENDENCIES, SHE MAY GET OFF ON HAVING YOU SUGGEST IT SOMEWHERE PUBLIC... QUIETLY, OF COURSE.

STUNNING SENSUALIST

She loves to luxuriate in life at every opportunity. Yes, she knows how to live!

WHEN SHE'S FEELING IT...

The hedonist in her is growing hungry. She wants good food, good drink, great sex, soft linens, beautiful lingerie, the best sex toys and every opportunity to enjoy them.

WHY IT'S SEXY

You can't possibly deny that pleasurable indulgences of just about any kind are at least a little bit sexy – chocolate, satin sheets, fine wine, and the exquisite feeling of your tongue in the soft folds of her skin. Her body is a canvas and you are an artist. Get creative.

Exciting Oral Orgasms

Fun Role Playing Games With Pleasurable Endings

WHERE TO GO

Lock the doors, turn off the phones, hole up with all your favorite food and drink and spend the entire day in bed, ravishing each other. Dedicate the day to giving her as much pleasure as she can possibly stand and perfect your skill at doling it out. How good are you? Have her give you pointers.

WHAT TO PACK

BRING ALONG MY ORAL SEX BOOK SO YOU HAVE LOTS OF NEW SKILLS TO TRY. FIND AN INSTRUCTIONAL VIDEO OR TWO TO HELP YOU ALONG WITH THE LEARNING EXPERIENCE.

A good book, some creative endeavors, your conversation skills and maybe some sexy videos will help make this day perfect. Have her choose some porn or erotic films she may want to watch. Bring along my oral sex book so you have lots of new skills to try. Find an instructional video or two to help you along with the learning experience.

WHO TO BE

She deserves your very best! Be the lover you have always wanted to be, dedicated to experiencing as much pleasure as possible, ready to learn and eager to please.

SHY SWEETIE

She might not admit it, but she can't wait to feel your tongue between her thighs.

WHEN SHE'S FEELING IT...

She might start reading erotic about oral sex or watching pornography, fantasizing to herself or otherwise keeping her desires on the lowdown. To bring out the shy girl's desire, you should engage in casual conversation about the things she has been thinking, feeling and fantasizing about in her free time. Don't try to put too much pressure on her; don't demand that she tells you what she wants.

WHY IT'S SEXY

If hearing your girl admit that she's been getting off reading about guys going down doesn't get you hot, I don't know what will!

Exciting Oral Orgasms

Fun Role Playing Games With Pleasurable Endings

WHERE TO GO

She probably just wants to stay home and let you take care of her desires, but the exhibitionist might enjoy seeing a movie with a sexy oral scene or two, if you can find one in a theater! Mostly, she just wants to feel a bit pampered and maybe even a bit spoiled.

WHAT TO PACK

Make or buy some body butter and give her a massage. Let her fantasize while you go to work.

Let her tell you all about her fantasies or ask her to write about them and then have her read her sexy stories out loud while you go down. Let her creative spirit fly and have her express her desires for oral sex through stories, poems, art or even song. It can be incredibly erotic to listen to your lover talk about her desire to be tasted while you go ahead and do the tasting.

WHO TO BE

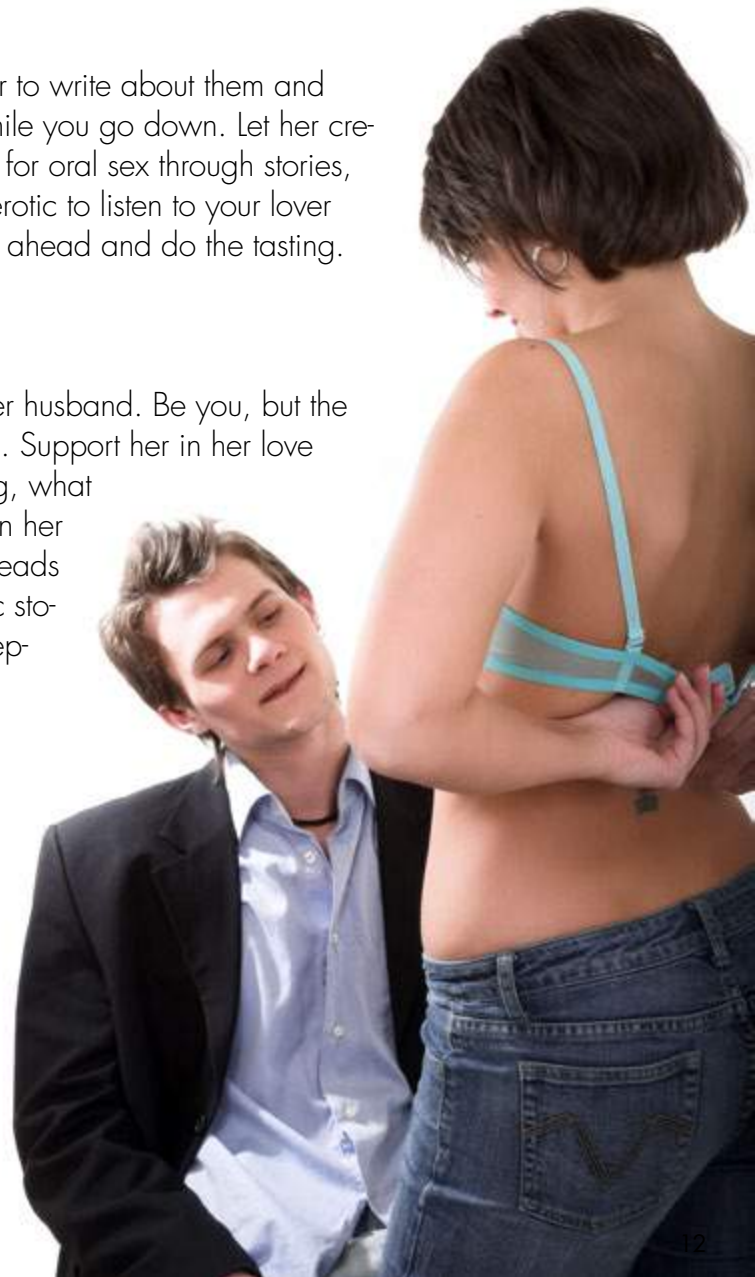

Be her friend, her companion, her love and her husband. Be you, but the most confident and happy you that you can be. Support her in her love and her desire. Ask her about how she's feeling, what she's thinking, what dreams and fantasies live in her head. Take an interest in the erotic stories she reads and videos she watches. Ask her to write erotic stories starring the two of you that express her deepest desires. Don't criticize! Love and love well.

MISS MESSY

Oral as a side dish for a g-spot orgasm makes for a wonderfully messy date.

WHEN SHE'S FEELING IT...

If she's a squirter and you know it, she is probably proficient at telling you when she's in the mood to let go, but if

Exciting Oral Orgasms

Fun Role Playing Games With Pleasurable Endings

know, you should be able to tell by the way she responds to manual g-spot stimulation. Just because you're using your tongue doesn't mean you should ignore your hands and the magic they can do! She wants to make a nice big mess and needs your help.

WHY IT'S SEXY

Sex is fecund, dirty, filthy, messy and wet even at the best of times. It can be freeing and incredibly sexy to revel in that incredibly primal feeling of getting covered in sexy fluids.

WHERE TO GO

Station yourselves somewhere that you don't mind making a mess! A Jacuzzi tub is nice, but a lesser model might make for an uncomfortable union. If you are worried about saturating the mattress and having to sleep in it later, you can always rent a hotel room and make a mess that someone else will have to clean up.

IF YOU ARE WORRIED ABOUT SATURATING THE MATTRESS AND HAVING TO SLEEP IN IT LATER, YOU CAN ALWAYS RENT A HOTEL ROOM AND MAKE A MESS THAT SOMEONE ELSE WILL HAVE TO CLEAN UP.

If you stay home, just be sure that you stay off the carpet. Tile floors are great – you could put her up on the kitchen counter and have her squirting all over the floor and only you and the mop would ever know what happened.

WHAT TO PACK

You can buy vinyl PVC sheets to cover your bed, or make something of your own for mattress protection. A cheap shower curtain will do in a pinch. Bring your lube, your g-spot toys, and your stamina.

WHO TO BE

Be the guy who really wants to make her squirt! You will find that most women require both internal g-spot stimulation from thrusting and clitoral stimulation with your finger, tongue or both. In fact, many women need their partner to stop stimulating internally and even remove their fingers entirely during a g-spot orgasm in order to allow squirting to happen. If this is the case, focusing on the clitoris and U-spot just above it can bring on the contractions necessary to expel the g-spot fluid when she comes to climax. The back and forth can produce an incredible result. She'll be blown away!

GOOD GIRL / BAD GIRL

She's been very, very bad and it is oh so good.

WHEN SHE'S FEELING IT...

The rebellious brat, the teacher's pet, the naughty nurse, bad teacher, the new girl, the vixen and the slut, a woman who gets off on these black and white, spy versus spy dichotomy fantasies loves to play with stereotypical roles, enjoys taboo stories and is will to go all the way with props and costumes.

WHY IT'S SEXY

High drama gives you the opportunity to be someone completely different. If oral sex is something that isn't "the usual" in your relationship, making it so can be incredibly difficult, especially for anyone with a lot of shame or shyness associated with performance. Putting on a different role, dressing up, getting out somewhere new and playing with props can free you from your old patterns of thinking and allow you to be and do something different without shame or fear.

WHERE TO GO

What is the fantasy? If you are lucky enough to live in a sexually liberal city, you may have access to private, well-stocked BDSM clubs, many of which allow you to book private rooms or even rent the space to be alone in by the hour. You don't have to be into pain or super kinky to participate! Want to role play a teacher-student scene? Your local club might have an actual schoolroom set up designed specifically for consensual adult

Exciting Oral Orgasms

Fun Role Playing Games With Pleasurable Endings

fun. It's a lot easier to get into those roles if you actually have desks to bend over and a chalkboard to write lines on.

WHAT TO PACK

Whether you're at home, a hotel room, a club or somewhere else entirely, pack your props wisely. Go for things that evoke the most visceral and emotional response. Is it about the costumes? If so, what about them? Is there some scent, some texture, some sound or some sight that triggers the potency of the fantasy for you or your lover? Don't overdo it. Go for maximum emotional impact and minimum weight to carry or implements to wield. Props can be powerful, but they can also get in the way if you try too hard.
