How To Achieve Explosive Back Door Orgasms

People enjoy anal sex for a number of different reasons. It is an act immersed in a wide variety of cultural messages and mores, and can evoke a vast array of emotional responses for the beginner and experienced player alike. One of the best ways to initiate the discussion about anal sex in your relationship is to discover what her motivations are in the experience, what aspects can be highlighted and what activities will bring her the most pleasure. Often times it will be as much a mystery to her as to you, so this journey is something you can take together.

Today we are going to explore five archetypes that can be invoked as part of any roleplay, but which are especially effective and enjoyable for anal sex. Archetypes are like Goddesses. Anyone can tap in to the energies of an archetype and commune. Every human being has the capacity to take on a persona and act a role... but no one truly encompasses only one aspect of the world *all the time*.

Your wife might be interested primarily in one of these archetypes, but it doesn't define her. Don't forget this. Acting on a fantasy role at the wrong time or in the wrong context can not only be a turn off, but can actively offend your lover. She may find that several or all of these role plays are enjoyable experiences, so understanding how to compliment her desired roles is a vital way to enjoy all the pleasures you seek.

TODAY WE ARE GOING TO EXPLORE FIVE ARCHETYPES THAT CAN BE INVOKED AS PART OF ANY ROLEPLAY, BUT WHICH ARE ESPECIALLY EFFECTIVE AND ENJOYABLE FOR ANAL SEX.

When you determine an area of interest or a desired set of roles you can play together, let her choose a label if she so desires, to encourage faster and easier communication of your desires in the future. The ones I've given below are simply a guideline to help you create the image in your mind, and probably aren't what she wants to hear in the heat of the moment. Give her the reins when it comes to names.

Read through the descriptions of each of these personas so you can get a feel for each one as an individual. Which ones turn you on the most? Are there any that turn you off? Each section will give you an idea of what you can expect from the archetype, what her (or your) ideal fantasy looks like, and how you might be able to tell if she's into it too.

Remember that pleasure is important for both of you. While putting out the effort to

understand her desires and motivations is an important aspect to exploring new things, it is also vital that she knows you are enjoying yourself as well! It's hardly sexy to feel pandered to or patronized. Express your love, your desire, your excitement and your pleasure.

THE BOTTOM

Everything is looking up from the bottom.

In a submissive role, a person often feels freed of any pressure to do "the right thing" and gives that power to someone they trust to handle it with care. This responsibility is given to you and should be respected. It is incredibly important to understand the boundaries and play safe, because when power is exchanged subtly between two lovers, regular signals can become muddy and misinterpreted. Beginners should proceed slowly and with caution.

GET THE PICTURE

She is pressed into the mattress face first, or bent over the kitchen counter, one of your hands in her hair and the other pressing into her shoulder or pinning one wrist to the surface. You are inside her womb and thrusting vigorously, while she plays with her clit and brings herself to her second orgasm. You release her hair and lean back, looking at her with lust.

"Your ass looks amazing. I want to be inside."

She looks up at you and smiles, pulls away and wiggles invitingly. "Is that a yes?" She nods slowly and reaches for the lube.

INDICATIONS

Either she has expressed an interest in anal sex already, or in exploring BDSM and other power play. She isn't shy about her desires, but she is more excited about sex if you express your desires directly rather than asking her first? This isn't an indication not to communicate, but rather to reassure her that your desires are based on your own pleasure as well as hers.

Orgasmic Anal

- She likes having her hair pulled or her ass spanked.
- She breathes heavier with your hand on her neck or jawline.
- She has ever told you that she “wishes you knew what you wanted” in bed.

THE DIRTY GIRL

Some things are good because they're bad.

The “Dirty Girl” is turned on by anal sex *because* it's taboo. She feels like a pleasure rebel, and gets to have a partner who loves it just as much to absolve her of any sin afterwards by telling her she's beautiful and he's in love. She's up for the adventure, so you can take things slow and make sure you know how to go. You can watch her reactions to know if she's uncomfortable or having less fun than you, and adjust accordingly.

YOU CAN WATCH HER REACTIONS TO KNOW IF SHE'S UNCOMFORTABLE OR HAVING LESS FUN THAN YOU, AND ADJUST ACCORDINGLY.

GET THE PICTURE

When you mention how sexy her butt looks today and how you'd love to play back there a bit, she bites her lower lip and looks away for a second, but she smiles that beautiful smile and her eyes meet

yours again. You grab her by the hips and pull her toward you, she doesn't resist but falls into your arms. She lies on her side facing away from you, but turns her upper body to look in your eyes, smiles again. You kiss and caress and you tell her again how turned on you are by this little anal adventure. You might even use the word “nasty” if you can pull it off! Sex isn't called “doing the nasty” for nothing!

INDICATIONS

She probably blushes when you talk about it, but she also gets wet and enthusiastically shows her excitement when you play. She will definitely have some taboo associated with anal sex, but so many people do, it's hard to know for sure. She may be a bit of a neat freak and wants the chance to compensate with “dirty” sex!

- She really likes sex from behind, especially with any kind of anal play.
- She blushes when you say the word “anal” consistently.

THE SECRET “SLUT”

We have a lot of words in English meant to denigrate women for their knowledge and skill in sex, and a mixed bag for men... but where are the words that venerate women for their abilities to seduce, to give pleasure, to receive and enjoy pleasure?

The “Secret Slut” archetype isn’t really about the shame or taboo nature of anal sex, but about celebrating how amazing it is when enjoyed with her, because she is amazing. She wants to be proud of her pleasure and yours, so praise her freely and give her your gratitude.

GET THE PICTURE

She kisses you then turns over to be spooned, so she can feel you get hard as you kiss her neck and squeeze her breasts. She rubs her ass up against you and moans softly into your mouth. When you stir as if to move she is quickly on her hands and knees looking back at you. “Do you really want it?” you ask her with a smile. She nods. “Tell me how much you want it. Your voice is so sexy...” you say, and she smiles back before answering a quiet, “Yes, I want it.”

You let her set the pace, simply holding still while she backs up onto you slowly and then gently bobbing her hips up and down to set the rhythm. Her loud moans make it obvious that she loves every second.

INDICATIONS

She may not actually like being called a “slut” – it has a bad history, no doubt – but she likes to be praised for

Orgasmic Anal

her sexual prowess. She wants to know that being great at sex is a valuable skill and that her pleasure, and her body as your instrument of pleasure, are not only worthwhile but valuable.

- She has asked you before to tell her if she was very good at (oral sex, hand jobs, etc.)
- She is especially focused on caring for her body and tuning it like a fine instrument.
- She spontaneously tells you how much she wants you in a throaty voice!

THE TEASER

When a man takes his time getting a woman warm, we call it “the chase” but when the roles are reversed, the woman is often called “a tease” for working a man into a frenzy. She likes to take her time with things that feel good and wants her satisfaction to come first. She loves seeing you have a great time though, so don’t hold back!

SHE WANTS TO KNOW THAT BEING GREAT AT SEX IS A VALUABLE SKILL AND THAT HER PLEASURE, AND HER BODY AS YOUR INSTRUMENT OF PLEASURE, ARE NOT ONLY WORTHWHILE BUT VALUABLE.

GET THE PICTURE

She wears something skimpy just to show off her curves, because you tell her often how much they drive you wild. She comes into the room and casually finds a reason to stand directly in your line of sight, her ass swaying back and forth gently in your view as if to some inaudible music. You reach out to grab it and she gracefully dances out of your reach. She turns and smiles, sits on your lap for just long enough to plant a peck on your cheek, then gets up and dances away again.

By dinner time she is wearing nothing but an apron and her underthings, bent low over the table to your side setting out the food that you have endured cooking with her, hard as a rock the entire time. You eat together with casual conversation passing between you, but every so often she reaches over to squeeze the bulge in your pants.

When dinner is finally complete, she takes you gently by the hand and leads you to the bedroom where she rubs you down and strips naked, making sure you have a great view.

Orgasmic Anal

How To Achieve Explosive Back Door Orgasms

She straddles you and leans into your chest, in complete control of the experience the entire time, giving you the show of your life!

INDICATIONS

“The Teaser” loves what pleasure does to you and wants to experience as much of your reactions to it as possible. She loves pleasure herself as well and likes to draw things out. She’s good at savoring a delicious meal and isn’t shy of PDAs. She may be a bit of an exhibitionist and loves to be in the limelight, or at least loves seeing you at the center of attention. If one of you is going to get tied up, it’s probably you, though she may like to be teased herself as well. She is certainly not satisfied with quickies, unless they are hot, intense, and likely in a place where you might get caught... with the promise of more to come later, right?

- She initiates sex more often than you.
- She has ever tried to or suggested tying you up.
- Her favorite position is on top.
- She loves showing off and seeing you get turned on in public.

THE PLEASER

The Pleaser is a less intense and overt archetype similar to “The Teaser” – she probably doesn’t dress wild and shake it in your face, but she might still say, “Say please!”

Pleasure is the reason for being with this archetype, so you better make sure you know what you’re doing back

Orgasmic Anal

there. If it doesn't feel awesome, she'll probably be moving on before you're even started, so practice, practice, practice!

GET THE PICTURE

"It's so hot that you're into this," you tell her. She lies face down on the bed and you pull out the massage oil. You rub her shoulders and her back to relieve the stress from her long day and she responds with low guttural sounds to let you know you're doing well, or slightly softer sounds of need that tell you when you should go deeper into the muscle. By the time you get to her lower back and the edges of her ass, her whole body is responding to your touch. You spend some time just massaging and warming her up, using your fingers and enjoying her gasps of pleasure.

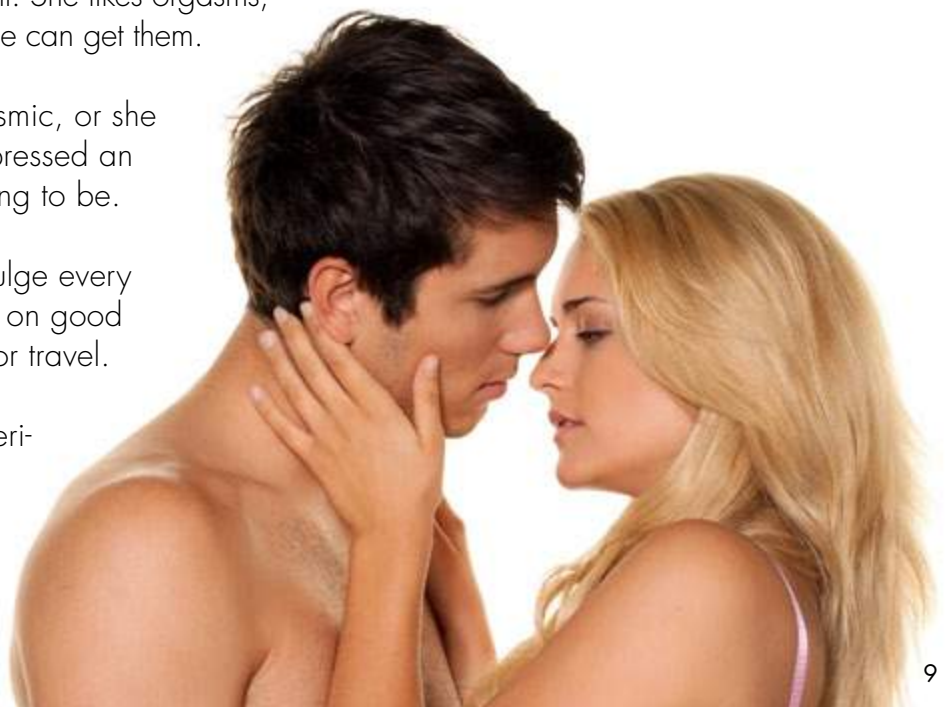

WHEN YOU ARE AS TURNED ON AS SHE, YOU GENTLY TURN HER ONTO HER BACK SO YOU CAN LOOK IN HER EYES.

When you are as turned on as she, you gently turn her onto her back so you can look in her eyes. You hold her close as you penetrate her and whisper softly in her ear, nibble on her neck, gently rub her clit and bring her to orgasm not once, not twice, but three times before you finally speed up your pace and bring on the fourth along with your own.

INDICATIONS

She has a great giggle. She doesn't have hang-ups about sexual propriety and she likes the sensual, but she's not very patient. She likes orgasms, and lots of them, any way she can get them.

- She's multi-orgasmic, or she has actively expressed an interest in wanting to be.
- She likes to indulge every once in a while on good food, or drink, or travel.
- She enjoys experience for experience's sake.

SETTING THE SCENE FOR EXPLORING THE ARCHETYPES

Even with an idea of what some different anal archetypes look like, it can be difficult to decide how to determine which is up her alley, let alone initiate contact! If you are uncomfortable talking dirty, or don't know how to bring up role play in your sex life, especially if the role play seems like your best shot at trying out something new, like anal sex, for the very first time... well, the pressure is on. And if you're not asking the right questions, you are shooting yourself in the foot and ruining your chances before you even begin.

It can be nerve-racking to express our desires to our lover and figure out if what we like jives with what they like, can't it? In particular, if you want to explore any kind of power play to spice up your sex life, asking questions can often back fire.

"Can I do this?" is important for gaining consent, but can ruin the mood for a woman who wants to know that it's *your* desire talking, who feels too much pressure from giving permission in this way. But there are a number of different ways to play safe, have fun, and avoid the pitfalls of rushing in without a plan.

IF YOU'RE NOT ASKING THE RIGHT QUESTIONS, YOU ARE SHOOTING YOURSELF IN THE FOOT AND RUINING YOUR CHANCES BEFORE YOU EVEN BEGIN.

THE RIGHT QUESTION

Perhaps it's not that you're asking a question, but that you're asking the *wrong* questions. When you attempt to communicate your sexual desire to her with a question, the intention is to both indicate to her what you want, and give her the opportunity to say no.

Initiating a role play or sexual communication is mostly about opening the right window of opportunity at the right time, and sometimes the best way to do that is to catch her off guard. Don't try this when she's obviously busy and really counting on you to help her out. Save it for those days when you both have some time to kill.

The next time she comes to you with a question of her own, about something mundane, like "Can you ____ for me?" or "Do you want to ____?" answer back with a question of your own. "What's in it for me?" Alternatively, if you suspect your wife is more of the inclination to be in control herself, let the roles be switched. When she does something awesome for you in your day-to-day life, ask her "What can I ever do to repay you?" If she wants to play, the ball is in her court. She what she does with it!

Orgasmic Anal

WHAT WOULD YOU DO?

The best question you can ever ask to initiate a spontaneous roleplay is, "What would you do if...?" Instead of saying the thing that's making you nervous, like "I want to _____," or "Do you want to _____," you can say, "What you would do if I said _____?" This gives her the chance to consider her response more carefully and consent without pressure, but still communicates that your need has moved slightly beyond asking permission. If you can't do it, you at least want to talk about doing it.

BE FUNNY

The easiest way to initiate role play of any kind is with a joke. If she doesn't think it's funny, well then you just have a weird sense of humor. If she plays along with the joke, you can banter back and forth and see how far it will go! You can even try it through texts or sticky notes, drawing out the playful conversation over several hours or days.

Just remember that touch is an important factor for her feeling safe exploring these realms with you, so save the texts for ongoing "inside jokes" that you know won't offend. It's a lot easier to take something

Orgasmic Anal

the wrong way without eye contact to give the conversation context. “LOL” can’t convey the smile in your eyes or the hardon in your pants.

CHOOSE

If you still can’t figure out which archetype to proceed with into your anal fantasy, try picking to at random and spending some time musing on what makes them the same, and what makes them different. Use their “sameness” as you explore the questioning methods above and seek out indications that one of the two archetypes might work.

IF YOU STILL CAN’T FIGURE OUT WHICH ARCHETYPE TO PROCEED WITH INTO YOUR ANAL FANTASY, TRY PICKING TO AT RANDOM AND SPENDING SOME TIME MUSING ON WHAT MAKES THEM THE SAME, AND WHAT MAKES THEM DIFFERENT.

As you proceed into your foreplay, focus on picking two different physical sensations to explore, one that resonates with each archetype. For example, if you have chosen the teaser and the pleaser, you can wrap her hands around your member and begin to massage her shoulders. Does her focus remain on watching the pleasure in your eyes and trying to distract you like “The Teaser” or does she take “The Pleaser” route and drift into the sensation of your hands deep in her muscles?

You can use an either/or questioning technique to go further. Try having her choose the most pleasurable between having her hair pulled gently from the roots (like “The Bottom”) and having her cheeks pulled apart to expose her most intimate spots (as perhaps “The Secret Slut” would enjoy). What does she respond to with more passion?

Once you’ve had the chance to play around with these archetypes, go on a search for some of your own! There’s no reason why you would have to be stuck using just these role plays for the rest of your lives. Any situation that you could possibly imagine as getting sexy can be used as a basis for your own little role playing adventure, so use your imagination!
